

Francis Parker

School of Louisville

2024-25 High School Supply List

Books will be purchased and lockers selected at the Monday, August 5 Kickoff! event.

In addition to books, students will need the following items:

- A means of note-taking and keeping assignments organized for each class. You may prefer a notebook and folder for each class, or binders with pocket folders and paper; the choice is yours
- Loose leaf paper and graph paper
- Pens, pencils, highlighters
- A TI-84 Plus graphing calculator (any version: Silver, C Silver, or CE) or a NumWorks graphing calculator
- Backpack or bag (you may take these to class with you if you wish)
- For Physics students: A ruler and a protractor
- For Photography/Film students: Camera with a manual mode and controls for aperture, ISO, shutter speed, etc., and a SD memory card. If you are interested in a used camera, both Adorama and B&H Photo sell used gear online and Murphy's Camera sells used gear here locally. (Please email Tristan Krebs at tkrebs@francisarkerlouisville.org with questions.)

TECHNOLOGY FOR STUDENTS

High School students need a device that has an external keyboard, a working camera, and access to Google Chrome — e.g. Chromebooks, laptops, etc. **Families are encouraged to purchase these for their child's personal use if possible.** Because students will, at times, forget or be unable to bring their device with them to School, we do have a limited supply of Chromebooks that students can check out. **Again, however, we recommend that students bring their own devices to school.**

SUMMER READING

As a reminder, all students should arrive on the first day of school with their summer reading complete.
